INTRODUCTION

I am very happy that God gave me a burden to run FWI Bible School. I am running our Bible School under the Leadership of Pastor Trevor Bartley who is the founder and chairman of Faith Works International organization from Australia. My wife and I are working with Faith Works International as the District Coordinator in Pakistan; I have a vision to provide biblical knowledge of God's Word to our up and coming new Generation. We will help people to understand the voice and power of God.

Because of our position and situation we are facing a lot of challenges in running our Bible school, we need you to stand together with us in prayer and financial assistance for us. Our students cannot afford to pay for this training so we are providing it to them at no expected cost, only what they can afford. We believe it is more important to train and equip the up and coming saints for the work of the ministry. But there is a cost financially for us to provide this service. Some of the problems we face are financial problems, Minority base abuse, possibly being blamed of blasphemy issues in Pakistan. We do have faith in God's ability to help, and we know that hard work with God's help will make this mission of spreading God's Word possible.

The First year Bible school will consist of topics and classes in our Certificate of Christian Ministry and Theology Program. Our second year will be focusing on the *next generation of Christian leaders*. If this program resonates with your spirit and you can assist us on this mission of sharing the Word of God in country of Pakistan please donate to our mission. If you would like to attend our Bible School, let me encourage you seriously to consider Faith Works International as your choice of Bible schools there are several reasons why I say this.

First, we have a tremendously rich heritage. We are connected to a ministry rich in a tradition of missionary outreach around the world. We are a part of Faith Works International and our head office is in Australia.

Secondly, we have a high priority off commitment to prepare you for life and Christian ministry. All of us at FWI Bible School recognize the importance of imparting life and ministry skills to our students including the ability to be lifelong learners. All that we do is designed to help you become all that you should be for the purpose of the call of God and for the church.

We also have a great reputation, both inside and outside Christian circles, for academic excellence, biblical studies and critical development. We live in a world that appreciates good education and we reach out to people who value intelligent leadership. Our academic programs are designed to ensure that you become an effective thinker, a good communicator and a passionate follower of Jesus.

These, amongst many, are some of the reasons why we encourage you to take the next step. Explore Faith Works International carefully, feel free to contact us at any time and then join us for a training program. As you will discover, we can offer training from as short as three to four days through to a serious commitment of two years of excellent ministry equipping. We can work with you on your training requirements to fit into your lifestyle! We are convinced that FWI Bible School will change your life and through you, the lives of many will be affected with the love and Word of God.

What is our vision?

This training course has been designed to show how God uses ordinary people to do extra ordinary things. This will enhance the effectiveness of the call of God in the life of all that participate, for successful Christian living in today's ever-challenging world. We are going to look at the Word of God and learn how to apply it to our life to make a significant impact on the world by walking in a greater understanding of our calling and the Word of God; we are going to draw crucial life applications from the lives of the champions in God's Word. We all stand to learn immeasurably from these courses. "It takes more than desire to fulfil the will of God. It takes spiritual strength".

VISION STATEMENT:

To run courses that cause the church to realise who God is in His fullness, who we are through the work of Christ and what we have been called to do with the empowerment of the Holy Spirit. Equipping us with the skills to be fruitful Christians grounded in the faith, finding our place in the Church, and being relevant to the world around us.

MISSION STATEMENT:

- 1) To develop mature Christians and effective leaders in the Church today, and
- 2) To equip people to lead people to Christ and build them into a worshipping community.

STRATEGY:

Though we do not aim to actually take non-Christians through the salvation process we do aim to bring Christians into a closer relationship with God and relationally relevant to the people in our world through this 'Bible School' applicational knowledge program.

TO DEVELOP CHRISTIAN MATURTY:

We do this through the following ways:

Training them in the use of God's Word by teaching them;

- How to effectively pray
- How to effectively evangelise
- How to use their gifts and talents for God

Teaching them;

- Who they are in Christ
- The character of God
- The message of faith
- The person of the Holy Spirit

TO BUILD THEM INTO A WORSHIPPING COMMUNITY:

WE DO THIS BY:

Identifying and teaching them about their spiritual gifts and to effectively evangelise, by promoting the worship service and by implementing weekly strategies to promote evangelising.
